Range Location: Team Hatch Shooting Facility can be found at 429 Swanner Watts rd in Jonesboro, LA 71251 (32°15'41.8"N 92°35'26.9"W), off HWY 4 right near Caney Lake. The range is at the third set of chicken houses (second set on your left) on Swanner Watts Rd.

Tournament: A two day tournament (NRA Registered event) with **three** 60 shot matches for an 180 shot championship course of fire. Competitors will shoot only one rifle for the entire tournament: either **Target, Open, or Sporter**. It is the competitor's choice which rifle to shoot and competitors are required to designate their rifle at any time **before** the start of air rifle match #1. The competitor that fires the highest 180-shot score, regardless of the rifle they shoot, is the Open Air Rifle Regional Champion. The competitor that fires the highest 180 shot score with a Target Rifle is the Target Air rifle Regional Champion. The competitor that fires the highest 180 shot score with a Sporter Rifle is the Sporter Air Rifle Regional Champion. A competitor shooting an Open rifle is eligible to win only the Open Air rifle Regional Championship, but a competitor shooting either a Target or Sporter rifle is eligible to win both the rifle they are shooting and the Open Rifle Regional Championships. In addition to the three championships, first and second place awards will be awarded in each class for each rifle (note that competitors are only eligible to win their class in the rifle that they designate – so a competitor that designates their self as firing in the Target Rifle match cannot win their class in the Open Rifle

Match).
