Targets: Targets are full-scale targets set at 200 meters (chickens), 300 meters (pigs), 385 meters (turkeys) and 500 meters (rams).

*Please note that loads that damage targets will not be tolerated. Please shoot the lightest practical loads for chickens to reduce damage.

Target Color: Chickens, pigs and turkeys will be painted black. Rams will be painted white.

Protests: Protests will be decided according to Section 16 of the current NRA rules. Protests are initiated by stating the protest orally to the Chief Range Officer (person calling the match). There is a non-refundable \$40 cash fee for filing a protest, which must be paid to the Chief Range Officer immediately upon lodging the protest. All protests will be decided at the end of the current 40-shot match.

Chicken, Pig, Turkey & Ram Championships

The chicken, pig, turkey and ram championships are side matches. The champion of each target is the shooter that hits the most (out of 30) of each target during the tournament. Competitors must opt into each match by paying the \$10 cash entry fee per animal target he/she is interested in competing for. (Please do not send the entry fee early; entries will be taken on match day only and in cash only). All competitors are eligible to win the turkey and ram championships but only B, A & AA competitors may enter the chicken and pig championships. Ties will be broken by sudden death, Mexican-style shootoffs on the animal target in question. The winner of each championship will be awarded all of the entry money for that target.

Short Course Highpower Silhouette

Short Course Highpower Silhouette is sanctioned by the North American Silhouette Shooters Association (NASSA). The course of fire consists of full-scale chickens at 200 meters, full-scale pigs at 300 meters, half-scale turkeys at 200 meters, and half-scale rams at 300 meters. Any safe rifle in any caliber is legal with no trigger, weight or configuration limits EXCEPT chin guns are not legal. LOADS MUST NOT DAMAGE TARGETS! Any load that could possibly damage targets will be immediately disqualified. All calibers smaller than 6mm will face intense target damage scrutiny.
